

## BLUE, TRUE BLUE

*First of a Duet*

Blue,  
True blue,  
Many hued true blue,  
Life giving source of delight: –  
– For ponderers at your edge;  
– For girls skipping your shoreline;  
– For gulls diving for supper;  
– For fish feasting in your garden;  
– For boaters;  
...some smooth sailing;  
...others madly motoring;  
– For myriads of unseen creatures living deep within.

Blue,  
True blue,  
Many hued true blue,  
Show me the way to  
go  
down  
deep  
and  
drink  
of  
my  
hidden  
riverbed.

## BLUE, TRUE BLUE

*Second of a Duet*

Blue, true blue,  
many hued true blue you are to surface eye.

Deeper down  
where gill creatures breathe, a turquoise green you are.

Ah but for the ancient nautilus  
and those who brave the dark of deep, a no color you are.

Here you are transparency;

- a place of no fear,
- a place of no unknown-ness,
- a place of deep peace
